PROGRAM UPDATES

Bias Review Meetings Held in November

Bias review meetings for the American Sign Language (ASL) and Educational Leadership assessments were held in Atlanta on November 5–6 and November 12–13, 2019, respectively. The purpose of a Bias Review Committee is to specifically examine each item intended for a test form to confirm that it measures the intended knowledge or skill without construct-irrelevant information or bias against any person or group. The committees were composed of educators from Georgia trained in *the ETS Guidelines for Fair Tests and Materials*.

PARAPROFESSIONAL ASSESSMENT

Join Our Testing Network

The GACE Paraprofessional testing network is **recruiting!** We need additional public test sites in the Atlanta Metro area. Our objective is to provide potential paraprofessionals with ample opportunities and locations to take the assessment, and we hope that you will assist us in reaching this goal. School districts, Regional Education Service Agencies (RESAs), Educational Technology Training Centers (ETTCs), technical colleges, and many

other agencies are currently administering the assessment. Please consider administering the GACE Paraprofessional assessment in collaboration with ETS and/or suggesting other nearby schools or locations that may be able to participate.

See the [GACE Paraprofessional Test Administrators website](#) for information about the assessment, technical requirements, and basic information needed by test administrators to successfully prepare for, and administer, this assessment. So if you meet the technical requirements and would like to administer the GACE Paraprofessional assessment, please complete the [online application](#) today! We look forward to working with you.

Rescheduling a Submission Window

Test takers can reschedule in the same submission window if registration is still open, or in the next submission window when that registration opens. Note that the registration window closes earlier than the submission window. Changing a submission window incurs a \$50 rescheduling fee.

Note: Tasks and artifacts uploaded for the original submission window will not transfer automatically to the new submission window. Candidates will be required to re-upload any tasks and artifacts they have previously uploaded. All tasks and artifacts must be submitted by the same deadline date.

Resubmitting Tasks

Test takers who do not pass the assessment are allowed to resubmit any or all of the six tasks. There is a \$75 resubmission fee for each task that is resubmitted.

Test takers are allowed to resubmit two additional times to attempt to receive a passing score. Tasks may be resubmitted in the resubmission window immediately following the original submission window, or test takers may wait until the next window. The two-resubmissions limit still applies. If they do not resubmit within this time frame, they will have to register and pay to retake the assessment.
